Timer with automatic shutoff offers precision blending control for every kind of drink

Wave~Action® system continually forces mixture down into the blades for smooth results

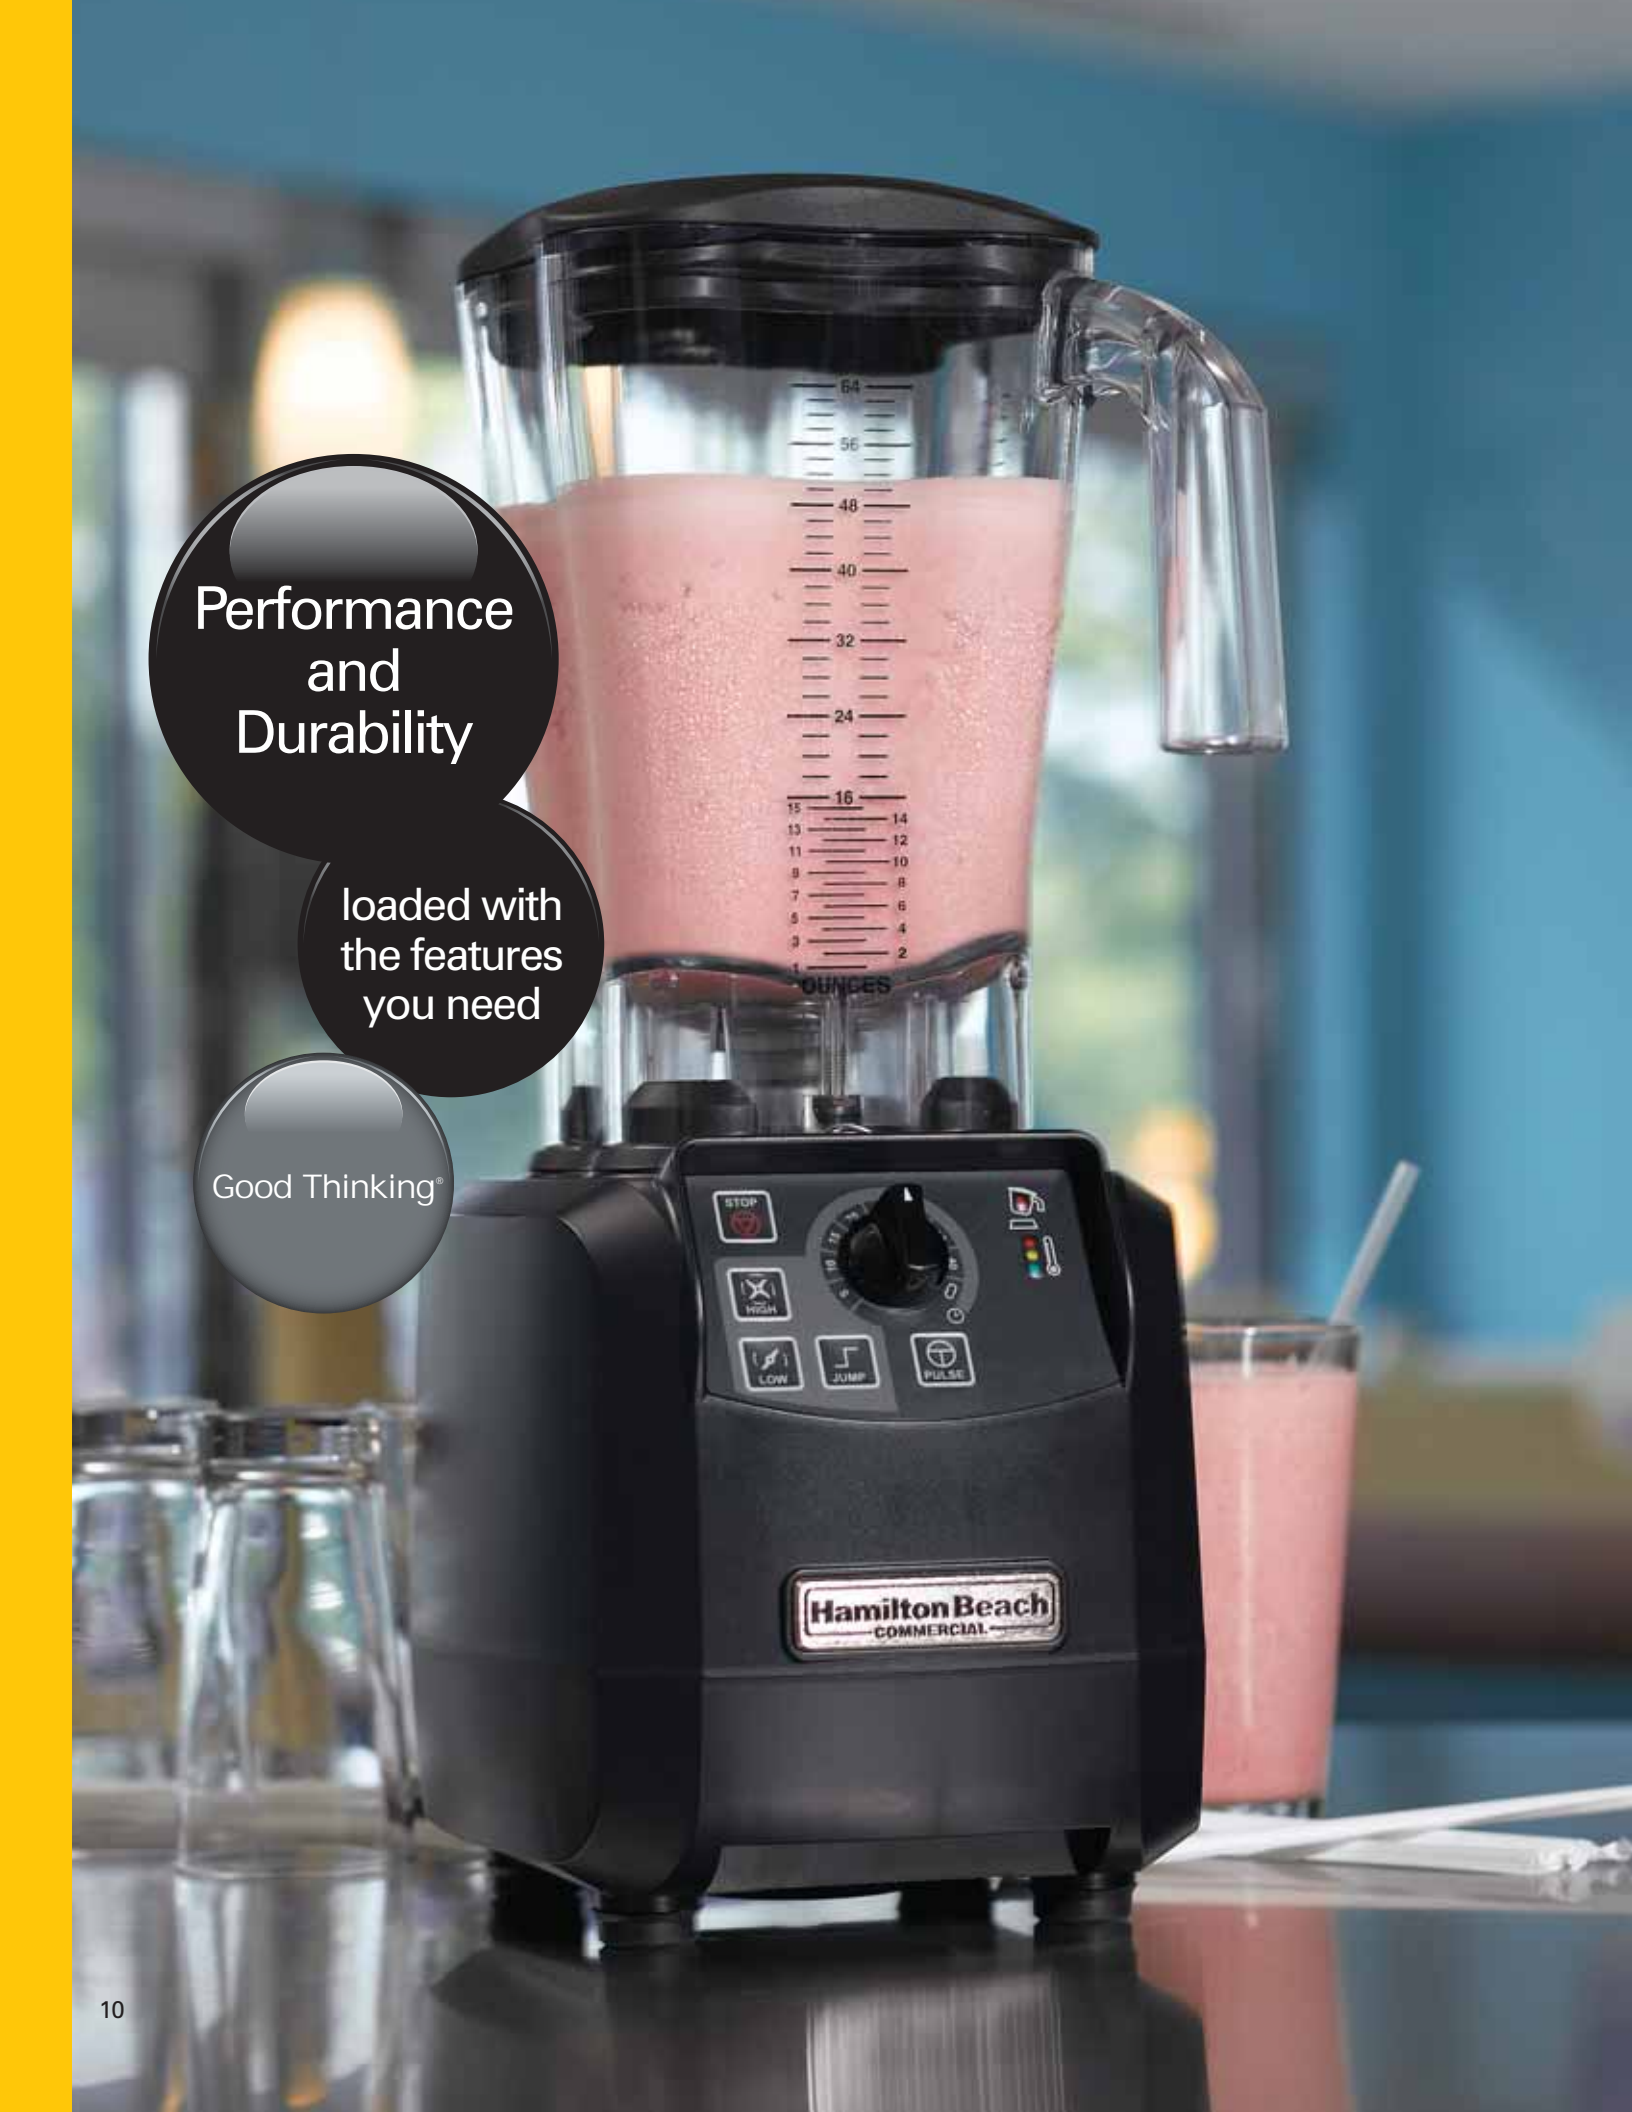

Four stainless steel cutting and mixing blades quickly cut through ice and other ingredients

Stackable polycarbonate jar stores in less space

All-metal drive coupling offers long-lasting performance

A Hamilton Beach Commercial blender is shown in a kitchen setting. The blender's clear plastic pitcher is filled with a pink smoothie and has a black lid. The pitcher has measurement markings in ounces, ranging from 2 to 64. The blender base is black and features a control panel with several buttons: 'STOP', 'HIGH', 'LOW', 'JUMP', and 'PULSE'. A central dial is also present. The Hamilton Beach Commercial logo is visible on the front of the base. In the background, there are blurred kitchen elements and a glass of the same pink smoothie with a straw.

UNIQUE FEATURES

Tempest® Blender

Wave~Action® System - Ordinary blenders spin contents around the walls of the jar, which can leave whole chunks untouched by the blades. The Wave~Action® System has a unique container and blade system for smooth results every time.

12 Second Margarita - When thirsty customers are waiting, you can blend 16 oz./0.5 L drinks in 12 seconds flat.

Super-Creamy Drink Profile - The Wave~Action® System, along with speed and blade design, break down ice from a granita texture to a creamy drink profile.

Two Speeds, Jump Cycle & Pulse Button - Offers precision blending for a wide variety of drink mixtures.

Timer with Automatic Shutoff - Indispensable for busy bars, it frees operators up for other tasks.

3 Hp Motor - Built with a durable all-metal drive coupling to satisfy the demands of the busiest bars.

64 oz./1.8 L Stackable Container - Break-resistant polycarbonate container with easy-to-read measurement marks.

Specifications:

Standard: Unit comes with base, 64 oz./1.8 L polycarbonate container, Sure Grip™ feet, and blade assembly unit

Controls: 2 speeds, jump cycle & timer

Motor: 3 Hp

Weight: 13.9 lbs/6.3 kg (shipping)

Warranty: 2 years parts and labor or 20,000 cycles

120V Specifications:

HBH650

Auto Blend

Good Thinking®

HBH850 Series Summit[®] High-Performance Blender

AVAILABILITY:

HBH850

120V

230V

UNIQUE FEATURES

Summit[®] Blender

Auto Blend "One Touch Sensor Blending" - Patent-pending technology continuously monitors blender's power usage and speed to determine when the perfect drink consistency is achieved.

Hundreds of Pre-Programmed Cycles - Reduces the need to select different cycles for different drinks to free up decision-making time.

Quiet Shield™ - Sound enclosure reduces blender noise

Super-Creamy Drink Profile - The Wave~Action[®] System, along with speed and blade design, break down ice from a granita texture to a creamy drink profile.

Cavitation Control - Detects when cavitation occurs and prompts the operator to add more liquid. Keeps the operator from spending time watching the blender and from serving a bad drink.

Airflow Baffle - Constantly circulates cool air around the motor for back-to-back blending and longer blender life.

Jar Pad Sensor - Turns off motor when container is not in place to reduce grinding and "wear and tear" from misuse. (120V only)

Quiet Shield™ Sensor - turns off motor when operator lifts quiet shield (230V only).

Specifications:

Standard: Unit comes with base, one 64 oz./1.8 L stackable polycarbonate container, sealing gasket, Quiet Shield™ sound enclosure, and 3-wire grounded cord and plug

Controls: Touchpad

Motor: 3 Hp

Weight: 23.32 lbs / 10.57 kg (shipping)

Warranty: 2 years or 20,000 cycles

system

Good Thinking®

HBS1400/1200 Series Revolution® Ice-Shaver / Blender

AVAILABILITY:

HBS1400/HBS1200

120V
 230V

UNIQUE FEATURES

Revolution® Ice Shaver/Blender

Revolution® Portion System - For maximum accuracy, this unique ice portioning system counts the number of times the agitator passes the shaver blade. Regardless of the motor load, the correct amount of ice comes out every time!

Systems that calculate portions by time or weight may not be delivering consistent drink quality to your customers. Time systems don't reliably shave the right amount of ice because the motor speed will vary with the load (the motor may spin more slowly when the ice hopper is full). Systems that rely on just the weight of ice can be inaccurate during blending because of container movement. The Revolution® Portion System eliminates these concerns, delivering the right amount of ice every time.

Double-Wall Hopper - Insulated for quiet operation and to keep ice cold.

Sensor Technology - Hopper sensor prevents operation when lid is not in place. Drain sensor indicates if water is backed up in the drain. This alerts the operator to check the drain line and can prevent a messy water back-up.

3 Hp Blender Motor - Powerful, heavy-duty, and built to satisfy the demands of the busiest bars.

Automatic Cycle Buttons - Operators select serving size and number of servings for precise results.

Specifications:

Standard: Unit comes with base, ice chute, 2 piece hopper with lid (5 gallon/19 L) 64 oz./1.8 L polycarbonate container, and leveling feet

Controls: Touchpad

Motors: 3 Hp blender, 1/4 Hp shaver

Weight: 71 lbs / 32.2 kg

Warranty: 2 years parts and labor or 25,000 cycles

HBS1400

120V Specifications: 120V~, 60 HZ, 15 A

HBS1200

230V Specifications:

HBS1200-CE

HBS1200-UK

HBS1200-CCC

220-240V~, 50-60 HZ, 1,000W

Insulated double-wall hopper reduces noise and keeps ice cold (showing inner hopper only)

The Wave~Action® system continually forces mixture down into the blades for smooth results every time

A press of the automatic cycle buttons sets the right serving size and number of servings

Comes with a stackable 64 oz./1.8 L polycarbonate container with measurement marks (6126-650)

Long-lasting clutch seal shields the internal parts from moisture

HMD200 / HMD400 Series Drink Mixers Single & Triple Spindle

AVAILABILITY:

120V 230V

HMD200

AVAILABILITY:

120V 230V

HMD400

UNIQUE FEATURES

Single Spindle Mixer

Versatile Drink and Food Prep - Great for everything from mixing ice cream shakes to "flashing" bar drinks to blending eggs, pancake, and waffle batter.

Performance - More powerful 1/3 Hp motor mixes up to twice as fast, so customers don't have to wait.

Precision Motor - The motor is balanced to minimize vibration. Built to last with sealed, permanently lubricated ball bearings.

Two-Way Motor Activation - Operators can start and stop mixing action by inserting the cup into the cup guide, or by using the pulse switch on the top of the mixer (pulse is 120V only).

Specifications:

Standard: Unit comes with base, motor, spindle, solid agitator, and stainless steel cup.

Controls: 3-speed rocker switch and unique pulse switch (120V only)

Motor: 1/3 Hp

Weight: 15.4 lbs / 7.0 kg

Warranty: 1 year parts & labor

120V Specifications:

120V~, 60 HZ, 300W

230V Specifications:

HMD200-CE
HMD200-UK
HMD200-CCC

220-240V~, 50-60 HZ, 300W

Triple Spindle Mixer

Optimum Output - The ideal choice for high-volume milkshake prep.

Performance - 1/3 Hp motors mix up to twice as fast, to maximize service and minimize the wait.

3 Separate Motors - Each motor works independently and has its own power switch.

Precision Motors - Each motor is individually balanced to minimize vibration. All three motors are built to last with sealed, permanently lubricated ball bearings.

Two-Way Motor Activation - Operators can start and stop mixing action by inserting the cup into the cup guide, or by using the pulse switch on the top of the mixer (pulse is 120V only).

Specifications:

Standard: Unit comes with base, 3 motors, 3 spindles, 3 solid agitators, and 3 stainless steel cups.

Controls: 3-speed rocker switch and unique pulse switches (120V only)

Motors: 1/3 Hp on each motor

Weight: 37 lbs / 16.783 kg

Warranty: 1 year parts & labor

120V Specifications:

120V~, 60 HZ, 900W

230V Specifications:

HMD400-CE
HMD400-UK
HMD400-CCC

220-240V~, 50-60 HZ, 900W

3 speed switch plus unique fingertip-action pulse switch that stops and starts the motor (pulse is 120V only)

Operator can easily replace motor in minutes

Removable cup guide pulls out for easy dishwasher cleanup

A Hamilton Beach Commercial mixer is mounted on a wall. The mixer is dark grey with a silver-colored base and a stainless steel mixing arm. The brand name "Hamilton Beach" and "COMMERCIAL" are visible on a silver plate on the front of the motor housing. The mixer is mounted on a dark grey metal plate with several screws. A black power cord is visible at the bottom. In the background, another similar mixer is visible, slightly out of focus. The overall setting appears to be a commercial kitchen or food service area.

Good Thinking®

HMD300 Series Wall Mount Drink Mixer

AVAILABILITY:

HMD300

UNIQUE FEATURES

Wall-Mount Single Spindle Mixer

Powerful 1/3 Hp Motor - Built to last with permanently sealed ball bearings. Can be replaced by operator to avoid downtime.

Easy Wall Mount - All hardware included. Plugs into standard outlet.

Two-Way Motor Activation - Operators can start and stop mixing action by inserting the cup into the cup guide, or by using the pulse switch on the top of the mixer.

Speed Switch - Offers flexibility for different menu items.

Easy To Clean - Removable cup guide and cup rest.

Built To Last - Heavy-duty, die cast, stainless steel construction.

Versatile Drink and Food Prep - Great for everything from mixing ice cream shakes to "flashing" bar drinks to blending eggs, pancake, and waffle batter.

Specifications:

Standard: Unit comes with base, all mounting hardware, spindle with 990043600 agitator and stainless-steel cup

Controls: On/off pulse switch; High/Low switch

Motor: 1/3 Hp

Weight: 10.5 lbs / 4.76 kg

Warranty: 1 years parts & labor

120V/230V

With two-way motor activation, operators can start and stop mixing action by inserting the cup into the cup guide, or by using the pulse switch on the top of the mixer.

Speed switch offers flexibility for different menu items

Removable cup guide pulls out for easy dishwasher clean-up.

HMI200 Series Immersion Blender Heavy Duty

HMI200

AVAILABILITY:

UNIQUE FEATURES

Immersion Blender

Heavy Duty - Long-life motor construction and stainless steel chopping attachment designed for foodservice applications.

Flexibility - Detachable chopping attachment plus two speeds give professional kitchens the flexibility they need to purée soups and sauces right in the pan, whip egg whites, cream butters & mix batters with ease.

Stainless Steel 9"/23 cm Shaft - Not only does the thick 9"/23 cm shaft reach into deep pots and bowls, it detaches for easy cleaning.

Innovative Blade Guard - Keeps prep areas neat and saves time by reducing messy splashing and clogging.

Double-Insulated - With two-conductor cord for easier use and storage.

Specifications:

Standard: Motor unit, detachable 9"/23 cm chopping shaft and cutting blades

Controls: 2-speed switch

Motor: 175 Watts

Weight: 4.2 lbs / 1.9 kg

Warranty: 1 year parts & labor

Blade guard reduces splashing and allows mix to pass through without clogging

Built-in storage hook for easy hanging and storage on wire racks

Chopping attachment detaches easily for dishwasher cleanup and is autoclavable for quick sterilization

Four blades with five cutting edges quickly cut through ingredients for professional results every time

CPM700 Stand Mixer 7 Quart

CPM700

AVAILABILITY:

UNIQUE FEATURES

7 Quart Stand Mixer

Made To Perform - Large 7 quart/6.6 liter capacity handles the professional demands of large establishments. Rotating mixing action provides complete bowl coverage. Flat beater is angled to cover the whole bowl; whisk is balloon-shaped for maximum aeration; dough hook is strong enough to knead the heaviest breads.

Easy To Operate - The pop-up head lifts for quick and easy attachment changes and bowl removal. This eliminates the need to put your hand in the mixture to change attachments or remove the bowl. Also, the tilt-back head makes adding ingredients or scraping the sides of the bowl much easier.

Full of Safeguards - "On" button is recessed to reduce likelihood of the mixer being accidentally activated. Specially designed safety cut-off stops the mixer immediately anytime the head is raised. The motor features overload protection to help prevent overheating.

Specifications:

Standard: Unit comes with base, 7 quart/6.6 L stainless steel bowl, spatula, flat beater, whisk, and dough hook

Controls: Start & stop switches and rotary speed control dial

Motor: 800 W

Weight: 23 lbs / 10.43 kg

Warranty: 2 years parts & labor

Heavy-duty attachments made of stainless steel for durability

Pop-up head lifts for easy access and allows for full bowl to be removed by its handles

Why Buy A Hamilton Beach Commercial Stand Mixer?

DURABILITY - All-metal gears vary speed and torque for superb durability

PERFORMANCE - Variable speed motor powers through the toughest loads at constant velocity

EASE OF USE - Tilt-back head makes adding ingredients, scraping sides, changing attachments, and removing bowl easy

SAFETY - Specially designed safety cut-off feature instantly stops mixer when head is raised

78/80 Series Dishers Heavy-Duty

78

Dishers

Heavy-Duty Stainless Steel - The bowl, thumb lever, and spring are made of stainless steel for long life and easy cleanup in the dishwasher.

Heavy-Duty Spring Action - The heavy-duty stainless steel spring allows for ease of operation and long-lasting durability.

Color-Coded Handles - Designed for instant identification and improved service, the color-coded handles let you streamline your foodservice operation. Bright, identifiable colors help maintain portion control, and make disher size selection quick and easy.

Specifications:

Warranty: 1 year parts & labor

80

Deluxe Dishers

80 dishers have all the features of the 78 line plus these extras:

Pan Rest™ Feature - These convenient notches let dishers rest on the edge of pans to help prevent slippage that could slow down service.

Ergonomic Grip - Handles are shaped for a comfortable grip that helps reduce hand and arm fatigue.

Imprinted Capacity - With the capacity clearly molded onto each handle, there's never a question which size disher is being used.

Specifications:

Warranty: 2 year parts & labor

UNIQUE FEATURES

Pan Rest™ feature on handle holds disher in place

Dishers are sold in colorful, easy-to-identify packaging

A Hamilton Beach Commercial juicer with a stainless steel top and a black body. The juicer is positioned on a speckled countertop. To the right of the juicer, there are several clear plastic glasses stacked on top of each other. The background is a blurred kitchen setting with stainless steel surfaces and a window with a diamond-patterned glass.

UNIQUE FEATURES

Manual Citrus Juicer

Dependability - Considered the standard worldwide because of its hard-working, dependable performance and classic looks.

Flexibility - Designed to extract pure citrus juice from lemons, limes, oranges, and grapefruit.

Maximum Juice Extraction - The extractor arm exerts up to 2,000 lbs. of force to ensure maximum juice output with minimum skin oil and pulp residue.

Strainer Cone and Funnel - Remove for easy cleaning.

Acid-Resistant Finish - The metal components, as well as the enamel finish, resist wear and tear from exposure to citrus acids.

Specifications:

Standard: Unit comes with base, strainer cone, funnel, swing-out juice collector cup, and Sure Grip™ feet

Weight: 13.2 lbs / 6 kg

Warranty: 1 year parts & labor

Electric Citrus Juicer

3 Reinforced Reamers - Small for lemons and limes, medium for oranges, and large for grapefruits. Each reamer has a stainless steel insert for durability.

Quiet Motor - With its exceptionally quiet motor, the 96700 is a welcome addition to any establishment.

Extra-Tall Spout - Juice spout is a full 8.5\"/>

Low Center of Gravity - Makes the juicer less prone to tip over.

Durability - Heavy-duty metal housing, durable strainer, and reamers.

Specifications:

Standard: Unit comes with extra-large stainless steel bowl, acid-resistant cast aluminum base, ABS plastic strainer, and 3 reamer sizes

Controls: On/off push-button switch

Weight: 30 lbs / 13.6 kg

Warranty: 2 year parts & labor

Heavy-Duty 120V Toaster

Fast, Excellent Results - Ceramic elements heat evenly and quickly for a toasting output of 400 slices an hour. Bread guides center bread and hold it upright for even toasting.

Bread/Bagel Flexibility - Bread-to-bagel switch lets operators choose their preferred setting for maximum toasting flexibility and convenience.

Reliability - To reduce wear and tear, this heavy-duty toaster is equipped with a magnet-based bread lifter with fewer moving parts.

Safety Features - Unlike traditional open coil elements, heaters are lined with ceramic for damage resistance and long life. Toaster shuts off automatically, even if toast is jammed.

Solid-State Temperature Sensor - Automatically adjusts toast time for consistent toasting results.

Specifications:

Standard: Unit comes with toaster and heavy-duty removable crumb tray

Controls: 2 bread/bagel switches, 2 browning control dials, 2 cancel buttons

Slot Width/Depth: 1.3 inches/5.4 inches

Weight: 21 lbs / 9.53 kg

Warranty: 1 year parts & labor

Global Warranty Coverage

Hamilton Beach Commercial stands behind its global platform of products worldwide. We understand that your foodservice equipment is a crucial element to the profitability of your business. If you ever have an issue, you need service that is quick, convenient and dependable.

FOR OUR U.S. CUSTOMERS:

For qualifying products, please follow this easy 3 step process:

1. Dial 1-866-285-1087 to speak to a member of our highly trained technical services staff (M-F 8am-5pm EST). We will make an initial phone diagnosis.
2. If it is determined that minimal on-site maintenance cannot be performed. Hamilton Beach Commercial will ship a replacement product to your location.
3. Once the replacement unit is received, you send the troubled unit back to Hamilton Beach Commercial (we will provide the box and supporting materials to return the unit and we pay the freight cost for the returned unit).

For all other products, please call 1-866-285-1087 to receive assistance on your parts and labor warranty.

Note: Limitations and exclusions apply. See operation manual for complete details. Express Care is only available to end users located in the continental US, Alaska and Hawaii.

FOR OUR GLOBAL CUSTOMERS:

Hamilton Beach Commercial has a network of highly trained service companies in over 60 countries worldwide.

We provide 24/7/365 support via our dedicated technical services website which includes:

- detailed troubleshooting and repair instructions
- exploded view drawings
- recommended parts lists
- registered service centers by country
- operation manuals and agency certifications

Our technical services team, based in North Carolina USA, offers a variety of training options, including web based training.
