UNIQUE FEATURES

Revolution® Ice Shaver/Blender

Revolution® Portion System - For maximum accuracy, this unique ice portioning system counts the number of times the agitator passes the shaver blade. Regardless of the motor load, the correct amount of ice comes out every time!

Systems that calculate portions by time or weight may not be delivering consistent drink quality to your customers. Time systems don't reliably shave the right amount of ice because the motor speed will vary with the load (the motor may spin more slowly when the ice hopper is full). Systems that rely on just the weight of ice can be inaccurate during blending because of container movement. The Revolution® Portion System eliminates these concerns, delivering the right amount of ice every time.

Double-Wall Hopper - Insulated for quiet operation and to keep ice cold.

Sensor Technology - Hopper sensor prevents operation when lid is not in place. Drain sensor indicates if water is backed up in the drain. This alerts the operator to check the drain line and can prevent a messy water back-up.

3 Hp Blender Motor - Powerful, heavy-duty, and built to satisfy the demands of the busiest bars.

Automatic Cycle Buttons - Operators select serving size and number of servings for precise results.

Specifications:

Standard: Unit comes with base, ice chute, 2 piece hopper with lid (5 gallon/19 L) 64 oz./1.8 L polycarbonate container, and leveling feet

Controls: Touchpad

Motors: 3 Hp blender, 1/4 Hp shaver

Weight: 71 lbs / 32.2 kg

Warranty: 2 years parts and labor or 25,000 cycles

HBS1400

120V Specifications: 120V~, 60 HZ, 15 A

HBS1200

230V Specifications:

HBS1200-CE

HBS1200-UK

HBS1200-CCC

220-240V~, 50-60 HZ, 1,000W

Insulated double-wall hopper reduces noise and keeps ice cold (showing inner hopper only)

The Wave~Action® system continually forces mixture down into the blades for smooth results every time

A press of the automatic cycle buttons sets the right serving size and number of servings

Comes with a stackable 64 oz./1.8 L polycarbonate container with measurement marks (6126-650)

Long-lasting clutch seal shields the internal parts from moisture
